Mary Hays was an outspoken radical intellectual in the turbulent decade of the 1790s. She argued vehemently for the need to recognise the moral and rational qualities of women, the necessity of a better system of education for girls, and the importance of giving women without fortunes a career without servitude. In prostitution, the victim of prejudice, Hays's second novel, first published in 1799, is a powerful indictment of man-made institutions such as the courts and legislative systems which favour persons of wealth and rank. In the novel, the metaphor of women's confinement becomes real as the heroine's worst nightmares, her horrors and sense of helplessness, become a physical reality. The victim of prejudice is of great interest for its strong feminist content, and it is both powerful and moving as a literary work. This edition makes this important late eighteenth-century text again available to a wide readership.

in this book we examine the past and present research and theory on the motivations the why the situations and contexts the when the individual difference variables and traits the who and the affective and cognitive processes the how that lead to stereotyping and prejudice the intent is to provide an in depth and broad ranging analysis of stereotyping and prejudice the text focuses on understanding the issues theories and important empirical experiments that bear upon each problem in stereotyping and prejudice and to understand the most up to date research theories and conclusions of the leading researchers in the field stereotyping and prejudice are indeed complex in their origin and one of the main goals of this book is to provide a coherent picture of the conditions under which stereotyping and prejudice are more or less likely to occur another primary focus is to examine whether and how stereotyping and prejudice can be reduced or eliminated
